QUEENSTOWN APARTMENTS

Exterior & Amenities

SPECIFICATIONS ↘

BUILDING STRUCTURE

- Piles and concrete ground beams
- Steel frame with steel columns, floors and core walls, K braces
- Steel frame with metal roof and membrane gutters
- Aluminium and glazed unitized curtain wall system (or similar)
- Precast concrete and/or CLT panels
- Prefinished powder coated aluminium and steel joinery
- Double glazing to achieve thermal and acoustic comfort

DESIRABLE AMENITIES

- Impressive entrance lobby leading into the main circulation space
- 3 Passenger lifts delivering favourable wait times
- Car parking is available for purchase for selected units in a covered, uncovered or on-street space

SAFETY & SECURITY

- Audio intercom to front door release for each apartment
- Individual floor levels access controlled
- The building is sprinkler protected throughout with alarm directly connected to the fire service
- Electronic key locked front door

ACOUSTICS

- Inter-tenancy walls between apartments have been designed to meet or exceed the local authority requirements
- The floors on the apartments are acoustically treated to minimise impact noise transfer
